**Descriptif de l’UE**

This compulsory module consists in a series of seminars presenting the research at the Chemistry and Biology interface.

**Objectifs d’apprentissage**

Validation: Students (by groups) will present the seminars in a conference report format. Students will acquire a general knowledge of how chemistry and biology can be combined to solve problems at the chemistry and biology interface.

**Prérequis**

none

**Langue**

Cours, TD, TP

- **Documents:** English
- **Bibliographie:** English
